The puncture-proof tire The "Marathon Plus" from SCHWALBE is the most puncture-resistant pneumatic tire available. The patented, 5 mm thick SmartGuard insert guarantees outstanding puncture protection and is almost neutral in terms of rolling resistance. The SmartGuard is made partly from recycled rubber. Furthermore, the anti-aging sidewall withstands the typical overloads caused by low air pressure for a long time before cracking. The most important sizes 47-406 (20"), 47-559 (26"), 37-622, 40-622 and 47-622 (all 28") of the "Marathon Plus" are tested and approved for e-bikes up to 50 km/h.
