

## SCHWALBE Tube "Nr. 10"

Dunlop valve, 40mm (DV)

**Price: €3.13**

The No. 10 from SCHWALBEIt can be seen on the bike, and yet every bike needs (at least) two of its kind: the inner tube. The tube must fit! You can tell which size Tube is the right one by looking at the sidewall of most Tires. The ETRTO measurement indicates the tire width with the first two digits and the inner tire diameter in mm with the following digits. The No. 10 covers numerous widths for 24" tires. Important depending on rim height and pumps: The Blitz DV valve is 40 mm long.
