

## SCHWALBE Tube "Nr. 19"

Sclaverand valve (SV), 40mm

**Price: €3.13**

Tube no. 19 from SCHWALBEit can be seen on the bike, and yet every bike needs (at least) two of its kind: the inner tube. You can usually tell which tube you need from the sidewall of the tire. The so-called ETRTO dimension can be found there. The first two digits indicate the tire width, the following digits the wheel diameter. The no. 19 from SCHWALBE fits a wide range of tires for 27.5" (650b) and 28" wheels. For the valve and the correct length, it is best to use the old tube as a guide: the Sclaverand SV valve on the No. 19 is 40 mm.
