

SIGMA SPORT Bike Computer "Topline BC 14.16"

wired

Price: €32.59

Bike PC for climbersThe "Topline BC 14.16" from SIGMA SPORT is the right bike computer for MTBs and "mountain goats" on the road bike. Its numerous functions include an altitude measurement function - and it also displays the altitude profile graphically and the current gradient percentage. The temperature display is practical for outdoor use. Using NFC (Near Field Communication) and the SIGMA Link app (Android), the data can also be retrieved wirelessly on a smartphone.Data transmission from the transmitter is wireless. The STS version is also available with an optional cadence transmitter. Dimensions: Height x width x depth: 53.2 mm x 40.3 mm x 12.2 mm. Adjustable to two wheel sizes for two bikes.

Basic Data

Supplier Article Number:	01416
EAN	4016224014163
MSRP:	€59.95
SB-Article	Yes
Bidex-Code	301310
DST-Code	2F01
Fedas-Code	160954
Brand/Supplier	SIGMA SPORT
Unit of measure:	PIECE
Weight	0.048 kg

Technical Data

Altitude functions	altitude difference , altitude profile , current altitude , current incline/descent , max. altitude
Bike functions	average speed , calories , current cadence , current speed , daytime trip , driving time , max. speed , temperature , total driving time , total trip
Features	automatic start/stop , data saving during battery changing , display lighting , language adjustment , power safe / sleep mode , time , training statistics , usable for two bikes
Main colour	white
Power supply	battery powered
Secondary colour	black
Transfer	wired
