

SIGMA SPORT Front Light "Aura 35 USB"

black

Price: €19.44

Full light power for twelve hoursThe Aura 35 USB Battery Front Light from SIGMA SPORT impresses with two features across the board. Firstly, additional side light elements increase visibility in road traffic. Secondly: The light range is a solid 45 meters. The light intensity can be regulated via two setting modes. At 35 lux, the splash-proof lights (IPX4) last for around five hours, in eco mode at 15 lux for around twelve hours. The Battery can be fully recharged in a maximum of three hours using the micro USB cable supplied. This works without any problems on any Computer and is also possible during operation. The SIGMA SPORT light is equipped with switch-on protection to prevent it from being accidentally switched on in your Hand Bag. This means that it switches on with a double click. It switches off with a long press of the button. The light is equipped with CREE LEDs, which are known above all for their energy efficiency. The Front Light can be mounted without tools and has a 360° adjustable Holder. It is also compliant with road traffic licensing regulations.

Basic Data

Supplier Article Number:	17350
EAN	4016224173501
MSRP:	€34.95
SB-Article	Yes
DST-Code	2E02
Fedas-Code	160675
WEEE registration number	DE58571444
