

SIGMA SPORT Battery-LED Front Light "Aura 30"

black

Price: €11.21

One Front Light, two light modes
The Aura 30 LED Front Light from SIGMA SPORT offers you the choice between 30 and 15 lux. The lamps not only make you more visible to oncoming traffic. Thanks to the side light elements, you can also be seen from the right or left. Two AA batteries power the Front Light. While the lighting time in standard mode is a good five hours, it is much longer in ecomode - namely 15 hours. The light range is a good 40 meters. The charge level display shows when the batteries need to be changed. The SIGMA SPORT light is equipped with switch-on protection to prevent it from being accidentally switched on in your Hand Bag. This means that it switches on with a double-click. It switches off with a long press of the button. The Front Light is splash-proof (IPX4) and has a 360° adjustable Holder. The silicone holder can be mounted without tools. The total weight is 68 grams.

Basic Data

Supplier Article Number:	15950
EAN	4016224159505
MSRP:	€19.95
SB-Article	Yes
DST-Code	2E02
Fedas-Code	160675
WEEE registration number	DE58571444
Bidex-Code	207030
Brand/Supplier	SIGMA SPORT
Unit of measure:	PIECE
Weight	0.117 kg

Technical Data

Amount of batteries	2 pcs.
Attachment	universal
Battery type	AA (mignon, LR 06)
Design	front light
Features	toolfree assembly
Illuminant	LED
Luminosity	30 lux

Main colour	black
Operating time max.	5 h
Power supply	battery powered
Range of application	bike
StVZO conform	yes
Variant	Article
