

SIGMA SPORT Battery-LED Light Set "Aura 30 / Curve"

black

Price: €17.39

Solid visibility in a double pack The Aura 30 / Curve LED light set from SIGMA SPORT gives you good visibility to the front and rear. Both lights are powered by batteries. The Front Light offers two light modes: standard mode with 30 lux and ecomode with 15 lux. The visibility range is a good 40 meters. The light duration varies between 5 and 15 hours depending on the mode. The rear lights impress with a visibility range of 400 meters and a burn time of 29 hours. Two-stage battery indicators show when the batteries need to be changed. Both lights are equipped with side light elements so that you are also clearly visible to traffic coming from the left or right. They are splash-proof and can be mounted on bikes without tools. The scope of delivery includes all holders as well as two AA batteries for the Front Light and two AAA batteries for the Rear Light.

Basic Data

Supplier Article Number:	15970
EAN	4016224159703
MSRP:	€29.95
DST-Code	2E01
