

SILCA Chain Wax "Super Secret Chain Lube"

350ml

Price: €11.86

The Super Secret Chain Lube drip wax from SILCA is the must-have for demanding road cyclists and MTBs who want to get the best drivetrain performance out of their chain. The unique drip wax always ensures a well-lubricated and clean chain. Chain.SILCA's Super Secret Chain Lube has all the benefits of a hot wax without the need to heat it up and remove the chain. The unique combination of air-drying liquid wax and tungsten disulphide (WS2) has the friction properties of a hot wax, while being much faster to use thanks to its application by water bottles. None other than multiple Tour de France participant Jens Voigt was one of the first to test SILCA's Super Secret Chain Lube. His conclusion: "I have never experienced such a smooth chain. You can immediately feel that there are fewer resistance units and that the bike runs faster, smoother and easier. And the fact that no dirt sticks to the chain is just great - a really fantastic product!product!" The handling is very simple: Clean the chain thoroughly and allow it to dry completely. Apply two to three drops of Super Secret Chain Lube to each chain link while cranks backwards and then distribute thoroughly by hand. Shift the cassette at least once and leave to dry for at least twelve, ideally 24 hours.

Basic Data

Supplier Article Number:	AM-AC-015-ASY-0300
EAN	850005186311
MSRP:	€64.95
SB-Article	Yes
Bidex-Code	309030
DST-Code	2N08
Fedas-Code	160965
Brand/Supplier	SILCA
Unit of measure:	PIECE
Weight	0.375 kg

Technical Data

Container type	bottle
Content	0.35 l
Main colour	white
Range of application	bike
Type	lubricant
Variant	Article
