

spanninga Helmet Light "Thor 1100"

Supplied in a handy Transport Case

Scope of delivery: handy Transport Case, 120 cm Extension Cable, Helmet Holder, Head Holder, 2x O-ring holders (Ø 40 mm & Ø 50 mm), Velcro cable ties, Battery and Charger

RRP: €127.90

Multisport lighting systemEquipped with a CREE XM-L2 LED, which produces an amazing beam of light (1100 lumens), yet still achieves a long runtime of up to 10.5 hours in ECO mode and 6.5 hours in BOOST mode thanks to the high-performance lithium-ion batteries (8.4 V 5200 mAh Samsung Li-Ion battery pack in waterproof neoprene case), is suitable for almost all outdoor sports (e.g. mountaineering, caving, ski touring, canyoning etc.). The robust aluminum housing is shockproof and waterproof (IPX-8 for permanent submersion up to 2 m). A Shifter can be used to switch between BOOST mode and ECO mode (30 % less power). The Thor has a "Safe-Switch-Mode" for switching on and off, which prevents it from being switched on accidentally, e.g. in a bag.

Basic Data

Supplier Article Number:	999136
EAN	8715117019587
MSRP:	€127.90
SB-Article	Yes
DST-Code	2E02
Fedas-Code	160675
WEEE registration number	DE92509320
Bidex-Code	207030
Brand/Supplier	spanninga
Unit of measure:	PIECE
Weight	0.891 kg

Technical Data

Attachment	helmet attachment
Design	front light
Features	incl. charging station , toolfree assembly
Features	incl. integrated rechargeable battery
Functions	diverse light modes
Illuminant	LED
Intensity	1100 lumen
Main colour	black
Operating time max.	10 h
Power supply	battery mode
Range of application	outdoor
Secondary colour	brown
Variant	Article
