

SUPERNOVA Rear Light "E3 Tail Light 2"

black polished, carrier attachment (50mm), 12g

Price: €38.37

Bright rear insurance if you are guided by a powerful Front Light on your bike, you also want to be seen and protected by the Rear Light. SUPERNOVA has therefore developed the "E3 Tail Light 2" for the E3 Front Light. With "Twin Beam Technology", it offers very bright illumination to the rear and sides of a total of 250°. The parking light electronics of the "E3 Tail Light 2" are outsourced to the E3 Front Light. This explains the small design and the weight of just 12 g of the CNC-milled rear lights. It is also completely waterproof and, with its three LEDs, is one of the brightest rear lights approved by the German Road Traffic Licensing Regulations (StVZO). Available in versions for mounting on the seatpost and on the Carrier.

Basic Data

Supplier Article Number:	Q-TK2-V12-BLK
EAN	4260224790576
MSRP:	€59.90
DST-Code	2E03
Fedas-Code	160672
SB-Article	Yes
WEEE registration number	DE63711969
Bidex-Code	207040
Brand/Supplier	SUPERNOVA
Unit of measure:	PIECE
Weight	0.111 kg

Technical Data

Attachment	carrier 50mm
Colour designation	schwarz poliert
Current type	DC
Design	rear light
E-bike type	special
Functions	standlight
Illuminant	LED
Main colour	black
Operating voltage	12,0 V

Power supply E-bike battery

Range of application bike
