

THULE Bike Carrier "EasyFold XT "

design: black / aluminium, without transport bag

RRP €1,099.95

Compact and strong for three bikesThe "EasyFold XT 3" bike rear carrier from THULE is a completely foldable, compact and practical bike carrier for trailer hitches. It carries e-bikes and bikes of all types up to 60 kg, with one bike weighing up to 30 kg. The bikes are mounted on rim holders with a large spacing that allows wide bikes such as fat bikes to be carried. The rim straps with their simple and practical ratchet function are also designed for wide tires up to 4.7 Tires. The wheels are secured using the removable Frame Brackets, which use the "Thule AcuTight" torque limiter buttons to indicate with a click when the optimum torque has been reached. The "Easyfold XT 3" can be easily folded down using the foot pedal, even when loaded with bikes, so that the trunk can be accessed when transporting bikes. As the model name suggests, the rear carrier can be practically and compactly compressed from the dimensions (L x W x H) 83 x 123 x 86 cm to 83 x 31 x 86 cm and carried using the Hand Grip and - even easier - pushed using the transport rollers. Weight: 23.1 kg. With 13-pin plug connection.

Basic Data

Supplier Article Number:	934100
MSRP:	€1,099.95
Fedas-Code	100406
DST-Code	2L03
