

TRELOCK Plug-in Chain "ZR 355"

150cm long, with ZK 20 trasport bag, self-service package

RRP: €45.99

ZR 355 Plug-In ChainThe "ZR 355" plug-in chain from TRELOCK can be inserted into frame locks featuring the "Protect-O-Connect System," which not only secures the bike but also locks it in place. To do this, first loop the chain around the chosen fixed object and then insert it into the Frame Lock. The square links, which are sheathed in a textile sleeve, have a solid diameter of 6 mm. Includes a Transport Bag.
