

TRELOCK Folding Lock "FS 200/100 Two Go.L"

white

Price: €31.99

Folding Lock FS 200/100 Two Go L The "FS 200/100 Two Go L" foldable locks can do both: compact and flexible. When folded compactly, it fits into the vibration-free Bracket directly on the bike frame. Unfolded, it is 100 cm long and thus offers enough scope to flexibly lock the bike to most fixed objects. Security is ensured by the joints made of special Tredur steel, the strong joint bolts and the IN-X lock cylinder. The steel is specially hardened and therefore saw-proof, resistant to cold spray and extremely impact-, cut- and bend-resistant. It is locked with an "IN-X" lock cylinder with automatic locking mechanism, which is operated with a reversible key and has its own Dust Cap for self-protection.
