

TRELOCK Frame Lock Set "RS 430"

RS 430 AZ standard, removable key, ZR355

Price: €35.99

Frame Lock Set RS 430 A frame lock is ideal for quickly locking your bike in front of the bakery. It is even better if the bike is properly locked to a fixed object. This is both the case with the "RS 430" frame locks from TRELOCK. The frame lock achieves security level 4 on TRELOCK's own scale of 1 to 6. Security is ensured by the sturdy lock body and the "IN-X" lock cylinder, which is operated with a reversible key. In addition, the "ZR 355" connection chain from TRELOCK offers security when connecting. It secures the bike by looping it around a fixed object. The bolt at the end is then inserted into the frame locks and locked. The "ZR 355" consists of 6 mm thick chain links, which are firmly encased for impact protection. The connecting chain is compatible with numerous TRELOCK frame locks and is available in many paints.

Basic Data

Supplier Article Number:	8005408
EAN	4016167070547
MSRP:	€71.95
