

URSUS Rear Kickstand "R81 - Wave Rear"

18mm hole distance

Price: €9.99

URSUS Rear Kickstand Wave Rear If you use your bike every day, you need one with a stable Rear Kickstand like the "Wave Rear" from URSUS. How can you park it safely if there is nothing to lean on? It provides a secure stand, especially if it is intended to support the weight of panniers on the Carrier. Made of aluminum and plastic, it remains permanently stable. It is made for city and trekking bikes and children's and youth bikes in sizes 24", 26", 27.5" and 28". It can be adjusted to the desired length. During development, URSUS put all its know-how into the user-friendly, high-quality and durable stand. As intended for Rear Kickstands, the "Wave Rear" is attached to the left Chain Stay. From here, it can absorb the heavy load from the Carrier. The hole spacing for mounting is 18 mm.

Basic Data

Supplier Article Number:	81VN00R-A01
