

WOWOW Spoke Reflector

poly bag with 12 pieces

Price: €3.09

Stylish 360° visibility These Spoke Reflectors from WOWOW provide safety for retrofitting. They are suitable for spokes with diameters of 1.8 to 2 mm. They are permanently fixed and can be used instead of the yellow plastic reflectors. For this, all spokes in both wheels must be fitted with Sekuclips. The Spoke Reflectors are made of sturdy ABS plastic. They feature high-quality 3M reflective material, which is also used for occupational safety. This gives the reflectors a fully reflective surface. This means you can be seen quickly and easily from all sides. The Spoke Reflectors are StVZO-approved. They are available in a polybag of 12 pieces and in packs of 24, 36 and 72 pieces.
