

CONTEC Hub Dynamo "Powerhouse Hub 2+"

28 Hole

RRP €169.95

Strong & reliable for bright light Plenty of power for bicycle lighting: With the "Powerhouse Hub 2+", CONTEC presents a dynamo hub whose performance and robustness are convincing. Thanks to its maintenance-free operation, this dynamo ensures that the lighting is permanently powered in any weather and reliably emits powerful light. Important are the powerful NdFeB magnets, which deliver a high degree of efficiency with a low resistance. Even at low speed, there is enough current to ensure that the front and rear light are continuously lit. The dynamo hub is intended for disc brakes with a 6-bolt mount. It was designed for a 15 mm thru-axle, but can be converted to 12 mm and a quick release using adapters. It is intended for wheel sizes from 26 to 29". There are several options for the number of spoke holes: The dynamo hub is available for both 28, 32 and 36 hole flanges. With its efficient energy production, the CONTEC Powerhouse Hub 2+ sets the bar. With this dynamo hub, the front light and the rear light are always supplied with plenty of energy.

Basic Data

Supplier Article Number:	JH-KC5F
EAN	4251507940696
MSRP:	€169.95
WEEE registration number	DE92509320
DST-Code	2E04
Bidex-Code	207021
SB-Article	No
Fedas-Code	160673
Brand/Supplier	CONTEC
Unit of measure:	PIECE
Weight	0.455 kg

Technical Data

Axle	15mm full-floating axle
Brake mounting	disc - 6-hole
Brake track	no , yes
Electrical power	6 V / 3 W
Flange diameter	66 mm
For wheel	standard
Hub body material	Aluminium
Hub model	Powerhouse 2+
Installation width	100 mm
Main colour	black
Mounting	front wheel
Number of spoke holes	28 holes
Spoke hole diameter	for 2.00 mm
Spoke type	J-Bend
Suitable wheel sizes	20 " , 24 " , 26 " , 27,5 " , 28 " , 29 "

Type	hub dynamo
Variant	Article
