

CONTEC Rear Light "TL-116"

with standlight

Price: €5.50

Reliable bike lighting for more safety To make cycling a pleasure even in the dark season, cyclists need a reliable light: The LED rear light "TL-116" by CONTEC always does a good job when cyclists are riding their bikes at dusk or in the dark. The robust and high-quality plastic housing has an integrated reflector, which reflects a particularly bright LED light. In this way, cyclists can keep track of the situation at all times, even in low light conditions. Even without prior knowledge, this LED front light can be quickly and easily mounted on the fender. There are 2 connections and 1 capacitor, plus a practical push-and-pull plug, which facilitates mounting on the fender. In this way, the bicycle light offers maximum comfort and is suitable for bicycles of all sizes and designs. To ensure that cyclists can be seen by other road users on their bicycles at all times, not only while they are riding, but also when they are stopping, the LED bicycle lighting has a parking light. Bicycle lights are great upgrades not only in autumn and winter.

Basic Data

Supplier Article Number:	50509500-6
EAN	4250311340814
MSRP:	€10.95
DST-Code	2E03
Fedas-Code	160672
SB-Article	Yes
Bidex-Code	207040
