

CONTEC Rear Light "TL-117"

with standlight

Price: €5.50

Optimal bike lighting for any weather With the LED rear light "TL-117" from CONTEC, each bike is equipped with an efficient and clearly visible reflector, which significantly increases safety on the road. The bright LED ensures that the bike is clearly visible at all times. It can be attached with just a few simple steps and put to use directly. The high-quality plastic housing contributes to a long service life, even under heavy and regular use. The LED front light from CONTEC has an integrated capacitor and 2 connections. Equipped with a push-and-pull plug, the light can be mounted and used in a particularly simple and comfortable way. An additional parking light function contributes to a high level of safety on the go, as the bright and clearly visible light stays on even when stopped. The high-quality rear light upgrades every bicycle ridden on and off-road.

Basic Data

Supplier Article Number:	50259314-6
EAN	4250311340821
MSRP:	€10.95
DST-Code	2E03
Fedas-Code	160672
SB-Article	Yes
Bidex-Code	207040
WEEE registration number	DE86405961
Brand/Supplier	CONTEC
Unit of measure:	PIECE
Weight	0.052 kg

Technical Data

Attachment	fender
Design	rear light
Features	reflector
Functions	standlight
