

CONTEC Battery Light Set "LS-247 Slim"

black

RRP: €24.95

Quick safety in the setPractical battery lighting in a set: With "LS-247 Slim" by CONTEC you equip your bike quickly and adequately.The front light "HL-247 Slim" has a white LED with a illumination of 30 lux. There are 2 modes available, which allow you to choose between 30 and 15 lux of light intensity. Furthermore, the rear light "TL-247 Slim" is equipped with a red LED.Both lights have a German check number and are therefore safe in accordance with the German Road Licensing Regulation (StVZO).In addition, the front light has a sturdy plastic housing, which is fitted with a switch protected from splash water. It also includes a bracket with a quick release. Once in use, the front light lights up for up to 6 hours.For easy installation, the rear light has an angle-adjustable seatpost bracket. It also has a water-protected switch.In addition, it benefits from low energy consumption, which results in a lighting time of up to 15 hours.The lights are supplied with 5 AAA micro batteries (3 for the front light and 2 for the rear light). Changing the battery is simple and tool-free without any problems.If you want to equip your bike with safe lighting without any complications, you are making a good choice with the battery light set "LS-247 Slim" by CONTEC.
