

CONTEC Battery-LED-Rear Light "TL-130"

carrier attachment 80mm

RRP: €10.95

More safety in the urban junglelf you are a cyclist in the congested traffic of a big city, it is often hard enough not to be overlooked. Good bicycle lighting prevents accidents and makes you feel safe.The CONTEC battery LED rear light "TL-130" combines the advantages of a battery rear light, namely when stopped and the uncomplicated, trouble-free use without cables, with those of a permanently installed light. It is protected from theft and ready for use at any time.The "TL-130" is StVZO-compliant (German Road Licensing Regulation) and is designed for installing on the 80 mm mount of a rack. The 3 bright high-quality LEDs and transparent plastic housing together with the integrated reflector ensure the best visibility and improved safety in the dark. Batteries are included.The CONTEC battery LED rear light "TL-130" is suitable as a daily companion on a city or touring bike in the jungle of the city due to its high-quality finish, its good lighting properties and its numerous other advantages.
