

CONTEC Spoke Reflector "Clip R"

set with 72 pieces

RRP: €22.95

Best visibility & subtle lookReflectors on the wheels maximise lateral visibility and thus increase personal safety in traffic and in the dark.The CONTEC spoke reflector "Clip R" is a useful alternative to conventional yellow spoke reflectors or reflector strips on tyre sidewalls - an ideal way to round out any bicycle lighting.The practical silver reflective sleeves are light, do not require tools and can be easily slid over all spokes with diameters from 1.8 to 2 mm. This makes them suitable for all types of bikes.The "Clip R" is available as a set of 36 or 72 pieces and can be used on both heavily-used city bikes as well as cyclocross and road bikes thanks to its weather/crack resistance and its sleek design. The spoke reflectors firm and secure fit also prevent annoying rattling.The CONTEC spoke reflector "Clip R" is suitable for those who want maximum visibility and safety while maintaining the athletic look of their bike.

Basic Data

Supplier Article Number:	50103010-6
EAN	4250311336404
MSRP:	€22.95
SB-Article	Yes
Bidex-Code	207050
