

CONTEC Stem "Brut 17"

110mm long

RRP: €24.95

The CONTEC MTB stem "Brut 17" is the ideal stem for mountain bike enthusiasts who value the combination of convincing functionality and attractive looks.It is a classic Ahead stem for 1 1/8" (28.6 mm) fork steerer tube diameters. The MTB stem has a removable faceplate and can be flipped (+/- 17°). The stack height of the steerer tube clamp is 40 mm.This high-quality intricately 3D-forged handlebar stem by CONTEC is made of robust and rust-free aluminium 6061. The stainless steel clamp bolts required for mounting are included in the scope of delivery. Of course, these are also rust-free.Irresistible individualisation: The product is available in different lengths. Each variation corresponds to the EN MTB STANDARD. The stem guarantees unique riding pleasure with high quality.The "Brut 17" by CONTEC is a first-class handlebar stem for mountain biking. Black anodised and sandblasted, it is also a real eye-catcher in terms of its design.
