

CONTEC Stem "Brut MTN"

50mm long

RRP: €29.95

A stem that combines comfort and riding pleasure? The solution is the CONTEC MTB stem "Brut MTN"."Brut MTN" is a stem with a removable faceplate, which CONTEC has specially adapted to the needs of mountain bike lovers. The MTB stem for 1 1/8" (28.6 mm) fork steerer tube diameters corresponds to the EN MTB STANDARD. It combines the necessary robustness for all mountain bike rides with a chic design. This is ensured by the stylish black aluminium 6061, which has been intricately 3D forged with its looks and functionality in mind.Individuality and simple assembly stand out in this stem. The product is available in 50 or 60 mm lengths as required. The diameter of the handlebar clamp is 31.8 mm and the stack height of the steerer tube clamp is 38 mm. The stainless steel clamp bolts for easy installation are included in the scope of delivery. The bolts, like the entire MTB stem, are as expected rust-free."Brut MTN" - a great stem for high demands, which can be flipped (+/- 7°)!

Basic Data

Supplier Article Number:	JD-ST80AN-50
EAN	4250311333656
