

CONTEC V-brake "BR-CR10"

silver

RRP: €16.95

The brake for fat tiresWhether on the balloon bike or on the classic mountain bike - V-brakes enjoy great popularity due to their ease of maintenance and good braking performance. The CONTEC V-Brake "BR-CR10" was developed for the use of large-volume tires: extra long arms of 120mm are particularly well suited for wide balloon and mountain bike tires. The high-quality brake made of polished, silver aluminum weighs 166g and makes a good figure on chic bikes.It can be adjusted particularly precisely thanks to the adjusting screws on the brake arms. The brake shoes with 55mm width lie well and can be adapted to different frame and rim widths with the common spacer system. The CONTEC V-Brake "BR-CR10" pleases due to its noble design and is particularly suitable as a bicycle brake for wheels with wide tires because of its special design and precise tunability.

Basic Data

Supplier Article Number:	TE- 849AL
EAN	4250311333984
MSRP:	€16.95
SB-Article	Yes
DST-Code	2Q01
Bidex-Code	203010
Fedas-Code	160401
