

CONTEC Brake Cable "R/Stop"

PreLube inner cable, galvanized, 2000mm, 1900mm outer casing

Price: €2.25

For the best braking performance, intact brake cables are a prerequisite for the precise adjustment of cantilever, V or side-pull brakes. The CONTEC universal brake cable "R/Stop" in a practical set has everything needed for overhauling the rear brake cable of all common cable braking systems: A universal brake cable made of galvanized steel in a diameter of 1.5 mm and a length of 2 m as well as a 1.9 m long cable housing. Also included are 2 end caps and 1 ferrule. The PreLube cable slides particularly well for better modulation and improved corrosion resistance. The CONTEC brake cable "R/Stop" in the complete set is ideal for a perfectly adjusted rear wheel brake.

Basic Data

Supplier Article Number:	5095PL
EAN	4250311341156
MSRP:	€5.95
Fedas-Code	160354
SB-Article	Yes
Bidex-Code	202160
DST-Code	2R08
Brand/Supplier	CONTEC
Unit of measure:	PIECE
Weight	0.036 kg

Technical Data

Brake variant	mechanisch
Cable	2000 mm
Design	Bremse
Diameter	1,5 mm
Main colour	black
Outer casing	1900 mm
Variant	Article
