pair

Price: €1.99

The allrounder for any weatherThe CONTEC "C-Stop" brake pad offers DIN-tested quality and is well suited for cantilever brakes on bicycles of all kinds that are subject to daily use. The medium-hard rubber compound of the brake pads ensures optimum deceleration and minimum wear in all weather conditions: The compound is ideally suited for use with aluminium rims and allows good braking performance with low wear and tear. The black brake shoes are available in pairs and make good contact with the brake track with a length of 55 mm. The brake shoes can be used to adjust the bicycle brake ideally for different frame, fork and rim widths. The CONTEC brake pad "C-Stop" is the ideal all-rounder for every situation. Due to its medium-hard rubber compound, it ensures low wear of the rim and good braking performance - ideal for city and touring bikes.
