

CONTEC Brake Shoe "C-Stop"

pair

Price: €1.99

The all-round brake shoe for cantilever brakes. The composition of the rubber compound on rim brakes is a small detail of great importance for the braking performance and durability of the rims. The CONTEC brake pad "C-STOP" for cantilever brakes is perfectly adapted to the requirements of everyday cycling: The Medium Compound pads allow optimum deceleration under various weather conditions with minimal wear to the brake track. In addition, the "C-STOP" brake pad is DIN-tested and therefore meets the highest safety and quality requirements. Thanks to their symmetrical shape, the brake pads can be simply mounted on the left or right. The integrated grooves, combined with the extended length of 70 mm, ensure optimum contact with the brake track, as well as reduced vibrations and more control during braking. The brake pads are available in pairs and are compatible with all common cantilever bicycle brakes. The "C-STOP" brake pad ensures safe braking under various conditions and is a reliable all-rounder for bicycles with many applications. Ideal for city and touring bikes used daily.

Basic Data

Supplier Article Number:	R1PS-UC-P9-A-P
EAN	4250311372648
MSRP:	€4.95
SB-Article	Yes
DST-Code	2Q06
Bidex-Code	203070
Fedas-Code	160404
Brand/Supplier	CONTEC
Unit of measure:	PAIR
Weight	0.063 kg

Technical Data

Attachment	post type
Cartridge	no
Design	Cantilever
Main colour	black
Variant	Article
