

CONTEC Brake Shoe "V-Stop"

threaded, box with 25 pairs

Price: €2.50

Optimum deceleration with minimum wear: This is what the brake pad "V-Stop" by CONTEC does. The reason for this is its Medium Compound. This brake pad is suitable for V-brakes (rim brakes). Although disc brakes are more common nowadays, rim brakes are popular with many. The advantages are the lower price and easier maintenance. The pad compound of the brake pad guarantees consistent braking both in dry and wet conditions. It takes care of safety. Finally, the braking force can be precisely modulated at all times. "V-Stop" is DIN-tested, symmetrical and 70 mm wide. It can be assembled quickly and easily. A brake pad that ensures long-term and great deceleration.

Basic Data

Supplier Article Number:	R1PS-UV-P9-A-P-1-BOX
EAN	4250311372716
MSRP:	€148.95
SB-Article	Yes
DST-Code	2Q06
