

CONTEC Saddle "Aerobic"

unisex, size S

RRP €49.95

The sporty alternative, also for e-bikes A comfortable bike ride, in which things can get athletic, begins with a comfortable, lightweight saddle. This is exactly what the CONTEC saddle "Aerobic" is designed for. It has a core made of a comfortable and light padding mix (AirMatrix) and also impresses with its extremely flexible shell made of nylon fibre and plastic. For a quicker ride, this bicycle saddle has a Sport Zone: Here, the lowered middle section reduces the pressure. This saddle is especially equipped for rides with and e-bike or pedelec. The special feature lies in the recessed grip in the rear of the sports saddle. In this way, e-bikes, which are heavier than conventional bicycles, can be lifted more easily. In addition, the "Aerobic" has a synthetic double leather cover and a steel frame. Its frame is equipped with a scale and an Arc-Tech connection to the base shell. If you like it comfortable, but still sporty and like to ride an e-bike, you will find the right bicycle saddle in the "Aerobic" by CONTEC.
