

CONTEC Seatpost "Brut"

Ø 27,2mm

RRP: €29.95

Comfortable & practicalThe "Brut" micro-adjust seatpost from CONTEC comes in black, is equipped with extended saddle ramps and is available in various diameters.Its special feature is that it is a seatpost with an offset (with an offset to the rear) of 15 mm. A seatpost with offset is required if the seat tube angle of the frame is too steep and the distance between the Stem and Saddle required for the correct seating position cannot be achieved without the help of an offset system. The CONTEC brand seatpost has a 2-bolt Clamp mechanism, which is equipped with a Screw and is therefore infinitely adjustable. "Brut" is made of high-quality aluminum.

Basic Data

Supplier Article Number:	JD-SP67T1272X350
MSRP:	€29.95
SB-Article	Yes
