

CONTEC Parallelogramm Suspension Seatpost "SP-060 Slim"

Ø 30.9 mm, 400 mm long

RRP: €89.95

Lighter support, lighter rideThe last thing a cyclist wants to take home from a tour is an aching back. The Parallelogramm Suspension Seatpost "SP-060 Slim" from CONTEC provides a remedy. Made of aluminum, this model is slim and light, yet stable. Thanks to its effective suspension, it provides even more stability and peace of mind when riding. These properties are due to the harmonious single Spring movement, the "Pivotal Parallel Link Performance" and the new bearings in the pivots, which counteract the unevenness of the road surface and absorb the impact of stones, potholes and other obstacles.The Seatposts are available in black and in 3 different tube sizes. Its total length is 350 mm and the height is 110 mm. It is available with 27.2, 30.9 and 31.6 mm Ø. The suspension seatposts are designed as standard for people weighing between 70 and 85 kg. However, with the help of replacement springs, it also provides optimum suspension for riders weighing 50 to 70 kg, 85 to 100 kg or 100 to 130 kg. The complex parallelogram system of the "SP-060 Slim" from CONTEC provides additional comfort and strong damping. Once you have experienced this new, more relaxed riding sensation, you will never want to do without it again.
