black / coolgrey

RRP: €39.95

Full air ahead!In the middle of nowhere with too little air in the tyres? With a high-quality air pump by CONTEC, such scenarios are a thing of the past.The CONTEC "Air Support Mountain" is ideal for high-volume mountain bike tyres. However, it not only can cope with the high volume, but is also compatible with all conventional valves on the market.The pump delivers values up to 5.5 bar. The actual value is revealed by the extra fine adjusted pressure gauge with its clear display. For the versatile use of the air pump, an adapter for balls and air mattresses is included in the delivery.With a robust mix of aluminium and plastic, the specially designed stable base and the non-slip grip coated with Kraton rubber, the "Air Support Mountain" ensures a high level of comfort while pumping.For mountain bikers, CONTEC's "Air Support Mountain" is the perfect bike pump. It is easily recognisable by the twin head and the stylish colour scheme in black and grey.
