

CONTEC Pedal "Flow"

black

Price: €7.50

Safe step in any terrain No matter if you are riding a touring, cross country or mountain bike, you need secure grip in every situation. The CONTEC ATB pedal "Flow" impresses with a profiled pedal cage made of durable and lightweight plastic as well as a robust steel body that can withstand even high loads. Thanks to the grippy profile, each sole has a good hold, which ensures good power transmission at all times. The smooth-running cup and cone bearings also ensure a supple cadence. The axle made of robust CrMo steel is equipped with a typical 9/16" thread and can therefore be easily mounted on any type of bike. The pedals together weigh 382 g and ensure good visibility in traffic with the yellow reflectors. The CONTEC ATB pedal "Flow" is the first choice for all cyclists who are looking for an all-round pedal for all their needs.
