

CONTEC Pedal "Trail2"

black

RRP: €59.95

Unbeatable off-roadIf you are a sporty off-road cyclist or go on longer bike tours, you want secure contacts with the pedals as well as high stability and lightweight components. The CONTEC MTB/trekking pedal "Trail2" therefore impresses on MTBs or sporty cross and touring bikes. The pedal is made from a one-piece CNC-milled aluminum body and thus combines high stability and stiffness with a low weight of only 281 g. Grippy profiles on both sides ensure a good grip with any footwear. In addition, sealed industrial bearings ensure durability and smooth running while protecting against the wear-promoting effects of water and dirt ingress. The robust CrMo steel Axle is equipped with a 9/16" thread and can therefore be easily mounted on all standard cranks. The CONTEC MTB/trekking pedal "Trail2" is ideal for use on MTBs and sporty cross and touring bikes.

Basic Data

Supplier Article Number:	WE- M256 MTB
EAN	4250311355948
MSRP:	€59.95
Bidex-Code	202310
SB-Article	Yes
DST-Code	2N02
Fedas-Code	160374
Brand/Supplier	CONTEC
Unit of measure:	PAIR
Weight	0.28 kg

Technical Data

Bearing type	sealed bearing
Design	MTB
Frame material	aluminium
Housing material	aluminium
Main colour	black
Thread	9/16
Variant	Article
