

CONTEC Pedal "Quick Deluxe +"

black

RRP: €36.95

The companion with a gripA short rain shower, muddy ground or a rapid descent? With the CONTEC city/touring pedal "Quick Deluxe" every ride has solid and safe footing with an anti-slip effect.The pedal scores above all in rough terrain with well thought out grip tape. It covers a large area of the 9/16" sized touring pedal and creates a non-slip contact surface with sandpaper. The resulting grip is also noticeable for the somewhat inexperienced athlete. Professionals appreciate this anti-slip version especially on rough routes, as they do not have to slow down a rapid ride on these ground conditions.A second factor that this touring pedal has to offer in terms of safety is its reflectors. These are harmoniously integrated into the sides of the pedal. With their widely visible yellow-orange colour, they ensure visibility both to the front and to the back, thus providing reassuring all-round protection. This applies both to rides at dusk and in cloudy weather conditions.Despite the model weighing only 340 g including reflector and anti-slip, the CONTEC city/touring pedal "Quick Deluxe" convinces with excellent stability and thus durability. This is ensured by the sealed cartridge bearing and the flat one-piece nylon body. In particular, the flat structure of the pedal gives a pleasant ride and is therefore ideal for those who appreciate not only safe but also comfortable riding pleasure.The Deluxe version of this touring pedal makes even longer rides a carefree experience. A flat contact area, the non-slip design with grippy sandpaper and the set of bright reflectors make this pedal a mixture of luxury and adventure.

Basic Data

Supplier Article Number:	VP-831P
