

CONTEC Pedal "1Boot"

silver / black

RRP: €33.95

Non-slip & reflectiveThe CONTEC touring/trekking pedal "1Boot" has everything needed for unforgettable tours. A pedal made of stable aluminium!With the "1Boot", the passionate cyclist gets a high-quality trekking pedal under their feet. The robust plastic cage features an extremely non-slip contact area, whose grip profile promises first-class hold even in wet weather and muddy conditions. The integrated and clearly visible reflectors also contribute to safety on this sporty pedal.The durability of this trekking pedal is realised by means of the sealed cartridge bearing and the aluminium body. In addition, the shimmering CrMo axle not only provides a shiny look, but also provides impressive stability. Both significantly increase riding pleasure.This 9/16" pedal is a lightweight with only about 260 g, which combines its excellent pedalling characteristics with the proven robustness of aluminium. An ideal companion for those who value safety all the way down to the pedal!
