

CONTEC Twin Bag "NeoSport.Double RT"

black / coolgrey

Price: €52.99

If a long-awaited big bike tour or an adventure ride is planned, a practical pannier with as much storage space as possible is a necessity. Of course, the pannier should be able to be used on any rack and the rider should feel comfortable with it. The "Neosport.Double" pannier - offers exactly that - and even more. With its elegant shape, it is perfect for sporty riding. The Racktime Snap-it adapter makes the pannier flexible to use. A stretchable compartment ensures that smaller items are quickly at hand. The biggest advantage of the double pannier, however, is its incredible volume: Both panniers together provide space for 30 l of storage. A real plus for long tours. Since the pannier is made of water-repellent polyester and has an integrated rain cover, even longer rides in the rain are no problem. Small bonus: With the reflective elements on the pannier, the rider is always easy to see.
