

CONTEC Rear Kickstand "CKS-220"

black

RRP: €16.95

Park the MTB in quietIf you don't want to or can't lean your mountain bike somewhere, the rear kickstand "CKS-220" by CONTEC is ideal for you - especially if there are no bike racks nearby. "CKS-220" is suitable for full suspension bikes and a tube diameter of up to 25 mm.Flexibility is a given, because the rear kickstand can be adjusted for a wheel size from 26" to 28". It is made of aluminium and is attached to the frame triangle. The rider does not have to worry about dirt egress, because the kickstand has a dirt-protected folding mechanism. "CKS-200" is made of aluminium, weighs 260 g and is available in black. A useful addition to your full suspension bike.
