

CONTEC Derailleur Cable "Shift"

PreLube, galvanized

RRP: €3.95

Universally usable with all derailleursDerailleur gears are now the first choice on many touring, city or sports bikes and the precision of the shift components stands and falls with intact cables. The CONTEC derailleur cable "Shift" is made of steel. With 1,1mm diameter and 2275mm length, it can be used with all common derailleurs. With the enclosed end sleeve, the fraying of shortened cables is prevented.The inner cable for all shifters!
