

CONTEC Rear Derailleur-Protection Arm "Drive.Protect"

Steel

RRP: €6.95

Effective Protection for the Rear DerailleurWhether chain or hub gears—both systems are very popular on city and touring bikes. To protect high-quality rear derailleurs from impacts or damage caused by tipping over, the practical CONTEC Rear Derailleur-Protection Arm—made of sturdy steel—is mounted over the rear derailleur using a QR lever or axle nut.The protection arms are available in black and, thanks to their full-coverage mesh, reliably protect the derailleur components. They are ideal for all bikes with external rear derailleurs or derailleur chains.
