

CONTEC Rear Derailleur-Protection Arm "Drive.Protect"

steel

Price: €2.99

Effective protection for the rear derailleur Whether derailleur or internal gear hub - both systems enjoy great popularity on city or touring bikes. To protect high-quality derailleurs from shocks or damage due to tipping over, the practical CONTEC derailleur protection bracket made of sturdy steel with quick release or axle nut is mounted over the derailleur. The guard is available loose in the color black and reliably protects the shift components thanks to the full protection grid. It is ideal for all bikes with external derailleurs or pulleys.
