

## CONTEC Cassette remover "TFM-150"

rubberized grip

**Price: €4.99**

In addition to a cassette puller nut, a chain whip is required to dismantle the cassette. The CONTEC chain whip is the ideal supplement to the cassette puller: The chain whip is placed around the largest sprocket. This allows the cassette to be held in place and the lockring to be opened with the appropriate nut. This tool by CONTEC is suitable for all max. 9-speed cassettes and is necessary for professional drivetrain repairs on the bicycle.

### Basic Data

Supplier Article Number:	8909
EAN	4250311359519
MSRP:	€9.95
SB-Article	Yes
DST-Code	2N09
Fedas-Code	160967
Bidex-Code	552050
Brand/Supplier	CONTEC
Unit of measure:	PIECE
Weight	0.31 kg

### Technical Data

Design	sprocket
Main colour	black
Secondary colour	silver
Use	sprockets
Variant	Article
