

CONTEC Star nut installer "TFM-Nut Knocker"

1 1/8", Ø 28,6mm

Price: €7.99

In the case of Ahead headsets, the star nut in the fork steerer tube ensures precise adjustment of the bearing clearance. With the CONTEC "Nut Knocker", it is possible to mount the headset star nut safely and without tilting. The tool has a guide pin, which is inserted through the thread of the star nut and thus centres it. Thanks to the supplied adapter, assembly for all common Ahead fork steerer tube dimensions is possible. The "Nut Knocker" safely places the star nut in the fork steerer tube of the bicycle.

Basic Data

Supplier Article Number:	YC-113A
EAN	4250311337456
MSRP:	€15.95
SB-Article	Yes
DST-Code	2N09
Fedas-Code	160967
Bidex-Code	552050
Brand/Supplier	CONTEC
Unit of measure:	PIECE
Weight	0.174 kg

Technical Data

Design	fork / headset
Main colour	silver
