

CONTEC Workstand "Rock Steady"

black

Price: €79.99

Steady as a rock - the name is the game! The multi-award-winning "Rock Steady" repair stand by CONTEC stays upright. It impresses with its great handling, its low weight and its high load-bearing capacity. The paint-friendly clamp can be rotated by 360° and can be operated easily with one hand. Ergonomically repairing is no problem thanks to this rotating clamp. Also for ergonomic and safe repairs, the height can be adjusted individually and easily using the quick release lever. This mobile repair stand can be folded, which gives it a small packing size. In this way, its transport is easy and smooth. The stand also fits in the smallest corner. Its load-bearing elements consist of a composite of lightweight aluminium and plastic. Whether travelling or stationary at home: The "Rock Steady" takes every hobby mechanic to the next level! The clean finish and the excellent price-performance ratio have made it a buying tip from specialist magazines. Its safe footing is another plus point. The stand is suitable for bikes up to 30 kg. "Rock Steady" can be supplemented by the tool tray "Rock Steward". This makes it much easier to store tools and parts, so that working on the bike is even faster.

Basic Data

Supplier Article Number:	YC-100BH
EAN	4250311319506
MSRP:	€149.95
SB-Article	Yes
