

CONTEC Contact Protection "Neo.Protect"

black / coolgrey

Price: €8.50

Contact protector Do you know this too? Your bike is only briefly in the sun in summer, but the saddle is so red-hot that you don't want to sit on it. The Volare City Cruiser is made of permanently elastic cold foam. This makes it very light on the one hand, and on the other hand a poor temperature reservoir, so that the saddle cover cools down quickly even after intense sun exposure. The frame is made of sturdy chrome molybdenum steel.
