

CONTEC Frame Lock "PowerLoc XL"

removable key, Varefakta certification, bulk

Price: €28.50

The "PowerLoc XL" frame lock from CONTEC combines high break-open security with a simple, stylish design. Its 8.5 mm thick shackle is made of hardened special steel against sawing, cutting and impact attacks. On top of that, the double-sided bolt locking system called "X2-Power" increases the tear-out resistance enormously. Up to 70 mm wide balloon tires fit through the lock. CONTEC also offers a key service for the "PowerLoc XL" in case of loss. Including Loc-in function for connecting with a CONTEC PowerLoc plug-in chain.
