

CONTEC Disc Brake Pad "DiscStop+ CBP-560"

CBP-560, organic

RRP: €10.95

A Reliable PerformerExcellent braking performance, with only minimal loss of braking power over time. These are the benefits offered by CONTEC's extremely popular "DiscStop+" Disc Brake Pads. This is due to the optimized pad compounds, which deliver the best possible performance in every situation. Especially when downhill riding or freeriding—where things get really intense and Fahrers brake hard and aggressively through turns—the brake pads wear down quickly. Once less than a millimeter of pad material remains, a spare is needed immediately. But even in everyday use, everyone should make sure there's always enough brake pad material left. "DiscStop+" reliably fulfills this purpose and makes a significant contribution to safety.Disc Brake Pads are available in many different specifications. The key choice is between organic pads and sintered models. The major advantage of an organic disc brake pad is that it delivers its full performance even at low temperatures. It is therefore ideally suited for all-weather use. In contrast, sintered metal brake pads only reach their full performance at high temperatures. As a result, "DiscStop+" with organic Pads generates less heat and does not squeal in damp conditions. However, sintered pads offer the advantage of longer service life. To ensure that brake pad wear can be reliably and quickly monitored, "DiscStop+" features an integrated wear indicator. This brake pad is a perfect all-rounder that performs well in any situation.

Basic Data

Supplier Article Number:	AZ-640
EAN	4250311373461
MSRP:	€10.95
SB-Article	Yes
DST-Code	2Q06
Bidex-Code	203070
Fedas-Code	160404
Brand/Supplier	CONTEC
Unit of measure:	PAIR
Weight	0.035 kg

Technical Data

Brake pad material	organic
Design	disc brake
For brand	Shimano , Tektro
For model	Deore , Dorado , Orion , Saint , XT , XTR , Zee
Main colour	blue
Model name	CBP-560
Secondary colour	grey
Variant	Article
