

CONTEC Carrier Bag "Via.Back MIK"

rusty red

Price: €57.50

Sporty touring companion Off you go on a sporty tour with the VIA.BACK MIK luggage carrier bag from CONTEC. A separate bottle compartment allows you quick access to your drink, if the mastered uphill stage was a little more strenuous. The 32-liter capacity offers enough space to have jacket, sweater and leg warmers in case the temperatures drop into the basement. Should the sun disappear behind thick rain clouds during the day, the water-repellent polyester is your best friend. The stowed things remain largely spared from rain and moisture. In a total of seven compartments of different types, any things find their right place in this stylish bag. Thanks to the pre-mounted MIK adapter from BASIL, the CONTEC luggage carrier bag can be mounted and removed easily. Reflective elements make you more visible to other road users. Thus, you come home safely at the end of the day.
