

CONTEC Front Light "HL-3000"

HL-3000 N+, with switch for hub dynamo, with standlight

RRP: €19.95

Whether on city or touring bikes, good lighting not only provides safety, but also a high level of visual comfort.The CONTEC LED front light "HL-3000" in a sporty and discreet black plastic housing looks good on every bike and is specially designed for operation with dynamo hubs. With a 30 lux brightness and a special lens, the path in front of the bike is bright and optimally illuminated, whereby a removable front reflector allows the front light to be adapted to individual needs.Mounting on the fork braze-on is done with the included bracket made of stainless and shock-proof Nirosta steel.The CONTEC LED front light "HL-3000" can be turned off simply by pressing the switch on the back. It is ideal for those who want to see and be seen, but do not want to compromise on the sporty look of their city or touring bike.
